#### FOREWORD

This year the seniors selected the school itself as the theme for this book. La Jolla High will be remembered in the hearts of the class as one of the high points on the road of education. But it will always be more than that for it means a part of each person's life that will be remembered happily. The recording of these memories is the purpose of the 1945 issue of the Viking.

Dear Bob,  
Best of luck to you  
wherever you go. Are you  
going to continue with speech?  
After I mean after you're out  
of the Army or do you think they'll  
call you? Again best of luck.

#### PRINCIPAL'S MESSAGE

We approach the close of another school year when familiar textbooks are laid aside and when friends must say "Goodbye." This Viking annual of 1945 will be cherished as a welcome reminder and as a symbol of the ideals of loyalty and patriotism which have inspired our school activities. The members of the faculty have sought earnestly to develop the attitude among pupils that education is a continuous process: that young men and young women must strive to learn, and to adapt themselves to the many problems that will arise throughout life. We know that the passengers and crew who have travelled on this year's cruise of the "Good Ship Viking" will continue to render services as citizens in promoting the ideals of democracy.

## THE STUDENT COUNCIL

The Student Council is the governing body for all of the activities of the A.S.B.

The council is made up of representatives from each of the grades. The student body president is chairman and is assisted by a faculty advisor. Mr. Balsiger served in this capacity for the year, and Miss Schieman acted as financial advisor.

During the fall semester the Student Council revised the system of budgeting finances and made possible the purchase of a new public address system. The council in the spring semester took charge of the revision of the constitution and ideas were formed for a student legislature.

JUNIORS

This year the Junior Class was active in promoting better school spirit through an all class program. They provided food and drinks for after school sports activities as a money raising fund for the Junior-Senior Prom. With Miss Heldring as counselor and Kenneth Haygood as Social Committee chairman, the Juniors were the sponsors of many very successful dances and other forms of entertainment.

The end of the school year came to a dramatic climax with the Junior Class honoring the Senior Class with the traditional Junior-Senior Prom.

## SOPHOMORES

Under the able counciling of Mrs. Stubbs, assisted by Mr. Clark, the sophomore class ended a very interesting and profitable year. With the largest enrollment in the school, the sophomore class was well represented in all fields of activity.

During the fall semester, the class had its biggest event—a get-acquainted party with entertainment, refreshments and dancing. Later in the year there was a dance, and in the spring a beach party was a fitting finish for a successful year.

For the Senior Play the Broadway comedy, "Arsenic and Old Lace" was given.

## STAGE CREW

The Stage Crew this year again proved that miracles can be worked with a little paint and canvas. Starting the year by building a complete new set for the Christmas Play "The Three Who Met at Bambury Cross." They worked hard and it is agreed that they contributed a great deal to the success of the play.

A titanic job was handed them when they were asked to construct a set for "Arsenic and Old Lace," the Senior play. Despite all the limitations of our stage and material shortages, they built a really fine set.

## BASKETBALL

La Jolla defeated Grossmont 34 to 28 on the Hillers' home ground on Friday, February 16, to close the 1944-45 casaba season for the Vikings.

The varsity season ended with a record of twelve games won and seven games lost, which places La Jolla in fifth place in the Victory League. The D team, however, has done an excellent job this year, with a record of eleven wins and no losses. These infant prodigies will make the winning varsity quintets in 1946 and 1947 if they continue their good work. The B team came in third in the Victory League with eleven wins and five losses. The C team won nine games and lost four.

All these boys showed promise and two of them held records: Bob Marr in the high and low hurdles and Don Ide in the high jump.

The leading athletes of the "B" team were Fred Baker, sprinter; Fred Wright; miler; Charles Cook, sprinter and shot putter; Jim Hayward, high jumper; and Bob Jones, pole vaulter.
